

Cable (copper) - Resources potential

Product receiver:
Straub Metallhandelsgesellschaft mbH, D-66679 Niederlosheim
www.straub-metallhandel.de

● Raw material use:
- material recycling
- preparation for re-use

● Energetic use:
- production of a substitute
fuel
- energy recovery

● Landfill/incineration/losses:
- landfill
- incineration
- losses

Most important output streams

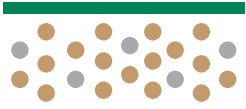

Raw material use:

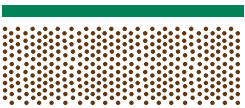

Copper

Aluminum

Iron

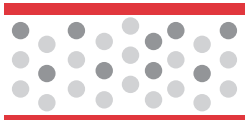

PVC-regrind

Energetic use:

Fiber optic cable

Landfill/incineration/losses:

Cable trays (diverse)
